Enterprise Content Management and Publishing Solution

RSuite Enterprise clients range from publishers to Fortune 50 companies. They use RSuite Enterprise's flexible configuration and powerful automation to create, manage, deliver, and repurpose their valuable multi-channel content with speed and ease.

By selecting RSuite Enterprise, you can leverage investments by other market leading organizations and join a select group of clients responsible for shaping the future of the RSuite Enterprise product.

Unlock the value of your most important asset by selecting RSuite Enterprise and Orbis Technologies!

Product Features

- Customize the platform to create, modify, access, version, link, publish and manage component level content.
- Publish from single source XML content into multiple formats.
- Automate workflows to support content creation, modification and approval processes.
- Protect high-value content through component level role-based access control.
- Utilize out-of-the-box and industry standard APIs.
- Deploy customized XML and semantic content models.
- Execute XQuery and semantic federated search to access enterprise content.
- Integrate with existing technology solutions such as on-premise and a clustered database.
- Customize your dashboard with saved searches, notes, and folders.

Benefits of Using Orbis Products & Solutions

Orbis software has a global user community who work with our product developers to improve our products. Our user base plays a critical role in shaping the way we upgrade and maintain our products. All Orbis clients have access to a 24/7 help desk and with product documentation and support.

RSuite
ENTERPRISE

RSuite Enterprise is a highly configurable content management platform, offered as a commercial cloud or on-premise hosted solution.

Strengthened by MarkLogic's NoSQL database, clients take advantage of native MarkLogic technologies to build powerful enterprise solutions specific to their organization's needs.

"We have significantly reduced the time it takes to make a book with our RSuite workflow. We've shaved two weeks off of our composition process, which has allowed us to both save money and add to the quality of our books."
